- a. European Law prohibits Google from complying with an Instruction;
- b. an Instruction does not comply with European Data Protection Law; or
- c. Google is otherwise unable to comply with an Instruction,

in each case unless such notice is prohibited by European Law.

If Customer is a processor, Customer will immediately forward to the third-party controller any notice provided by Google under this section.

**3. Customer's Audit Rights.** Google will allow Customer or an independent auditor appointed by Customer to conduct audits (including inspections) as described in Section 7.5.2(a) (Customer Audit). During such an audit, Google will make available all information necessary to demonstrate compliance with its obligations under this Addendum and contribute to the audit as described in Section 7.5 (Reviews and Audits of Compliance) and this section.

#### **4. Data Transfers.**

**4.1 Restricted Transfers.** The parties acknowledge that European Data Protection Law does not require SCCs or an Alternative Transfer Solution in order for Customer Personal Data to be processed in or transferred to an Adequate Country. If Customer Personal Data is transferred to any other country and European Data Protection Law applies to the transfers (as certified by Customer under Section 4.2 (Certification by Non-EMEA Customers) of these European Data Protection Law terms, if its billing address is outside EMEA) ("*Restricted Transfers*"), then:

a. if Google has adopted an Alternative Transfer Solution for any Restricted Transfers, Google will inform Customer of the relevant solution and ensure that such Restricted Transfers are made in accordance with it; or

b. if Google has not adopted an Alternative Transfer Solution for any Restricted Transfers, or informs Customer that Google is no longer adopting, an Alternative Transfer Solution for any Restricted Transfers (without adopting a replacement Alternative Transfer Solution):

i. if Google's address is in an Adequate Country:

A. the SCCs (Processor-to-Processor, Google Exporter) will apply with respect to such Restricted Transfers from Google to Subprocessors; and

B. in addition, if Customer's billing address is not in an Adequate Country, the SCCs (Processor-to Controller) will apply (regardless of whether Customer is a controller or processor) with respect to such Restricted Transfers between Google and Customer; or

ii. if Google's address is not in an Adequate Country, the SCCs (Controller-to-Processor) or SCCs (Processor-to-Processor) will apply (according to whether Customer is a controller or processor) with respect to such Restricted Transfers between Google and Customer.

**4.2 Certification by Non-EMEA Customers.** If Customer's billing address is outside EMEA, and the processing of Customer Personal Data is subject to European Data Protection Law, then unless Appendix 4 (Specific Products) of this Addendum indicates otherwise, Customer will certify as such and identify its competent Supervisory Authority via the Admin Console for the applicable Services.

**4.3 Information about Restricted Transfers.** Google will provide Customer with information relevant to Restricted Transfers, Additional Security Controls and other supplementary protective measures:

- a. as described in Section 7.5.1 (Reviews of Security Documentation);

**4.4 SCC Audits.** If Customer SCCs apply as described in Section 4.1 (Restricted Transfers) of these European Data Protection Law terms, Google will allow Customer (or an independent auditor appointed by Customer) to conduct audits as described in those SCCs and, during an audit, make available all information required by those SCCs, both in accordance with Section 7.5.3 (Additional Business Terms for Reviews and Audits).

**4.5 SCCs and Third-Party Controllers.** If Customer is a processor, Customer acknowledges that Google, as another processor, may not be able to identify the third-party controller and, accordingly, Customer will forward to the third-party controller promptly and without undue delay any notice that refers to any SCCs.

**4.6 Termination Due to Data Transfer Risk.** If Customer concludes, based on its current or intended use of the Services, that appropriate safeguards are not provided for transferred Customer Personal Data, then Customer may immediately terminate the applicable Agreement in accordance with that Agreement's termination for convenience provision or, if there is no such provision, by notifying Google.

**4.7 No Modification of SCCs.** Nothing in the Agreement (including this Addendum) is intended to modify or contradict any SCCs or prejudice the fundamental rights or freedoms of data subjects under European Data Protection Law.

**4.8 Precedence of SCCs.** To the extent of any conflict or inconsistency between any Customer SCCs (which are incorporated by reference into this Addendum) and the remainder of the Agreement (including this Addendum), the Customer SCCs will prevail.

**5. Requirements for Subprocessor Engagement.** European Data Protection Law requires Google to ensure via a written contract that the data protection obligations described in this Addendum, as referred to in Article 28(3) of the GDPR, if applicable, are imposed on any Subprocessor engaged by Google.
